

Edward Davis Whitfield

March 26, 1953 - February 1, 2025

It is with deep sorrow that we announce the passing of Edward (Ed) Davis Whitfield, who departed this world peacefully at the age of 71. Born on March 26, 1953, in Tallahassee, Florida, Ed lived a life characterized by hard work and perseverance. Residing in Cairo, Georgia for most of his life, he was a logger in the pulpwood industry and a true craftsman at heart.

He had many talents to include mechanic, builder, and inventor. He found value and satisfaction in building things that stand the test of time including 7 homes built from the foundation up. He often tackled challenges deemed impossible by others. His hands turned dreams into reality, and his passion for building and fixing things will be remembered fondly by his loved ones. Ed's love for nature was deep-rooted, which he passed on to his children.

Surviving family members include his son, Clint Whitfield (Anna) of Florida; daughter and grandson, Melissa Glave and AJ Glave both of Virginia; brother, Kelly Whitfield of Tennessee; sister, Kandy Pero of Missouri; and brother, Robert Taylor of Georgia. Ed will be dearly missed by all who called him father, brother, and friend.

He was preceded in death by his beloved brother, Kevin Lee "Bubba" Whitfield, his father, Robert Edward Whitfield, and his mother, Mary Ellen Forester, all of whom he cherished.

In this time of reflection, let us remember Ed Whitfield not just for his achievements but for the love shared as well as the legacy of strength and resilience he leaves behind.
