“ *If you knew Kiki growing up, you know she LOVED monkeys. She had a million plushies. I think she made me adopt a love for them 😂 I'm Jamerra's age so when Kiki grew out of them she gave me all of hers ☐ She was definitely a big sister to me. Sending love to everyone ☐ 🌸*

“ *I love you girl and I'm going to miss you.terribly. Your family and friends are heartbroken. We talked a lot about Jesus and Heaven at work together and now your eyes are seeing heaven's beauty. You will be young and beautiful forever Que. You had the most amazing personality and the most positive person I knew and you helped me stay positive when everything in my life was becoming negative and I thank you for that. We had a huge age difference (30-55) but that didn't matter we had a blast at work together. I have comfort in knowing your family and friends will see you again in Heaven one day. Watch over your mom sister and grandma. God wrap your loving arms around Querida's family let them feel your peace and comfort through this devastating time. Until me meet again sweetie girl🥺 I love you*
