“ *Willie James my friend and brother. We held hands and talked together while you were in the hospital. You were recovering and we never imagined that you were so close to home. I cherish your memory and remember how we laughed and shared a love for music. You were always available to share a helping hand, a soft spoken word and an infectious smile. You will never be forgotten, and you will live on in our hearts and minds. We love you Willie James, and you echoed your love back to us.*

“ *My brother was the epitome of manhood. We love him dearly. His body is gone but his spirit is with Jesus. He was kind and loved everyone. We miss him, but to be absent in the body is to be present with the Lord.*
